FTX what does that mean

Tupperware stock craters after company warns its debt burden may force it out of business

Tupperware Brands Corp. stock tumbled 41% Wednesday, after the maker of food storage products missed third-quarter earnings expectations, warned it may go out of business, and conceded that some of its problems are of its own making.

Fed may need to hike interest rates above 6% to crush inflation, Larry Summers says

Summers: Little evidence of ‘inflation restraint’ so far despite higher interest rates

The U.S. housing market to see second biggest correction of the post-WWII era—when to expect the home price bottom

Homebuilders and economists alike saw the 2000s housing bubble brewing—they just didn’t think it would burst. Their reasoning being, that at the time, home prices hadn’t really fallen since the Great Depression era.
